

Visual Merchandising (Creo™)

Applicable Products:

Inclinable Shelf (CRIS)

**NOTE: Most upright components must be installed before completing unit assembly.
End user determines component location.**

1. Insert puck glides loosely into upright channel. Slide pucks to desired location (fig. A).
2. Align shelf brackets over pucks (fig. B & fig. C).
3. Determine mounting position and tighten pucks to secure unit (fig. D).
