Exhibitor Products (Cobra™)

1. Insert base crossbars in between bases and screw together (larger holes on base should face towards the outside) (fig. A).
2. Press middle uprights into base. Make sure push buttons face towards the inside and click securely into place (fig. B).
3. Insert top uprights into middle uprights. Make sure push buttons face towards the inside and click securely into place (fig. C).
4. Insert crossbars in between uprights and screw securely into place (fig. D).
5. Slide graphic over frame like a pillowcase and zipper at bottom to close.
