Standoff (SNSO)

1. Insert graphic into open SnapGraphic™ and clamp into place (fig. A).
2. SnapGraphic™ doesn't close well until graphic insertion.
3. Slide SnapGraphic™ into aluminum shroud.
4. For Standoff Models (Fig.B):

        Drill hole on wall.
        Push in wall anchor.
        Screw standoff into anchor.
        Detach front Z bracket from standoff, insert into SnapGraphic channel.
        Align with standoff mounted to wall and use 4 screws provided to secure.
