## Cashier Shields

Make Single or multiple sections

Model	Description
CBSHR-SS	36"h Pair of end uprights
CBSHR-DS	36"h Center upright sold individually

**NOTE: Does not include the acrylic shield, works with clear plastic .060" up to 3/16" thick**

### Flexile System | Standard – Available for purchase Qty 1

- Aluminum uprights 36"h with steel bases
- Non-marring base options
- No restrictions on panel width
- Construct in one or multiple sections
- Use any thickness of plastic from .060" to .187"
- Panels are held in place with plastic set screws and require no drilling of panels.
- Attach to counters with many different base options, round, square, rectangular, or use "C" clamps mounted to the edge of your counter.
- Choose the base option that works best for your application.

Clear Panels can be positioned with space at bottom or run continuous from top to bottom

### Choose the base option that works best for your application

Racetrack Base (-RT)  
with non-skid
