

Cascade LED Light Source

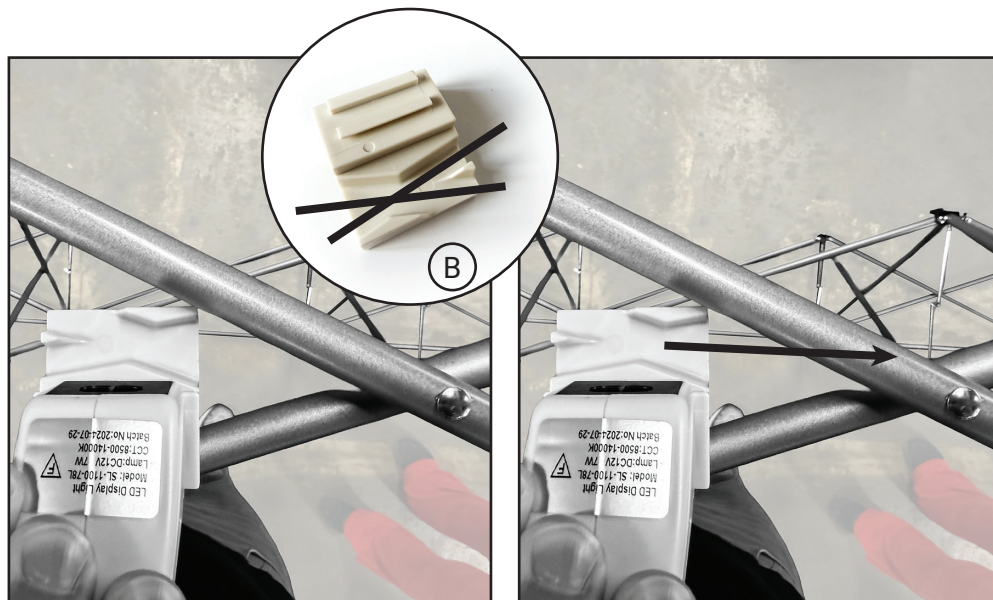

Assembly Instructions - Pop Up Attachment

The base of the light (A) has a slot for the mount (B) to slide into.

Slide into the mount into the base of the light.

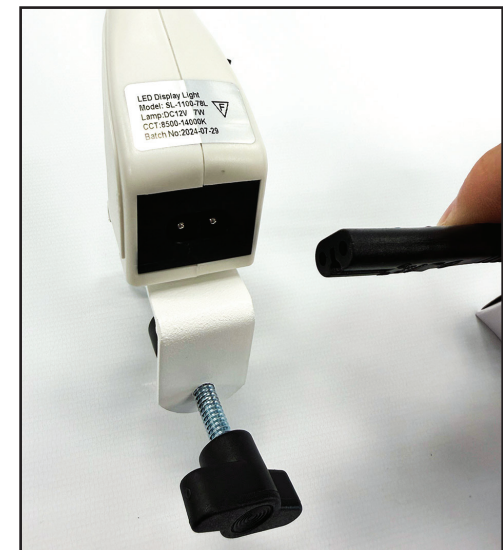

(Top View) Note: the mount has "X" shaped grooves.

Align the mount to the "X" shaped poles of the Pop Up, and slide the mount in from the side.

The mount should be sandwiched between the poles of the Pop Up.

Plug cord (C) into light, and connect to a power source.
